

Food Web Practice

A food chain is given below. For each organism, choose three facts from the list under the table and write them in the table below the correct organism.

Grass	→	Rabbit	→	Wolf

- | | | |
|---|---|---|
| <ul style="list-style-type: none"> • Performs photosynthesis • Heterotroph • Eats other heterotrophs | <ul style="list-style-type: none"> • On highest trophic level • Provides energy for other heterotrophs • heterotroph | <ul style="list-style-type: none"> • On lowest trophic level • Autotroph • Eats autotrophs |
|---|---|---|

1. How many food chains make up the food web?
2. Which organism is an autotroph? Which is a heterotroph?
3. Which organism is a third-order heterotroph?
4. Which organism is an omnivore?
5. Which organism belongs to more than one food chain?
6. Which organism belongs to more than one trophic level?

Laws of Energy
